

Groupe ESC Toulouse

PROFILE

“In full collaboration with the administration, faculty, and our business partners, all of whom share my belief in the potential of the Groupe ESC Toulouse, I exhorted the institution to measure itself against the most demanding international standards. Our efforts were rewarded by the achievement of a triple accreditation: EQUIS in 2001, with reaccreditation in 2004 for the maximum period allowed; AMBA in 2002 (reaccreditation in 2007), and AACSB in 2003.

“Today, the Groupe ESC Toulouse is one of a select few international schools that can claim that triple accreditation. By choosing us, you are choosing academic excellence and the assurance that your degree will be recognized everywhere in the world.

“As France’s second university city (after Paris), Toulouse lends to our school its cultural richness and economic energy. These make for an incomparable quality of life that will please your soul and your senses while supporting your academic success.”

H. PASSERON, Directeur Groupe ESC Toulouse
